Why Your Participation In This Survey Is So Important

Dear Lawrence Gold,

You can be sure the results of this enormous survey will be studied carefully by America's political leaders and will receive wide media coverage. We will deliver a comprehensive report on the results of this survey to . . .

- House Speaker John Boehner and the House Republican Leadership;
- Members of Congress and their key staff;
- All 50 governors and state lawmakers;
- President Obama and his top advisors;
- Federal judges, including the nine Justices on the U.S. Supreme Court;
- Radio talk show hosts and opinion columnists; and
- Major news organizations, including influential news websites and blogs.

The purpose of this survey is to . . .

- 1) **Shore up the courage of Republican House Speaker John Boehner** to immediately HALT federal funding for ObamaCare (as the House has the power to do under the Constitution);
- 2) **Show the 50 governors** (30 of whom are Republican) that it will be politically popular with voters if they simply refuse to use state taxpayer money to pay for ObamaCare (as the Supreme Court has now ruled the governors can do);
- 3) **Send a powerful message** to conservative candidates for Congress and the Senate in 2014 that they would do well to make ObamaCare the main issue and focus of the 2014 mid-term Congressional Elections (as we saw in the 2010 mid-term Elections when conservatives achieved sweeping victories at every level of government); and
- 4) **Send a clear message** to the National GOP Establishment that they made a huge mistake in 2012 by dropping the ObamaCare issue. (As a result, voters mostly forgot about the disaster of ObamaCare when voting in 2012).

Please be sure to complete the Important Donation Reply Section on the back of this form to fund this THREE-PART \$20.2 MILLION Battle Plan I've described to you here to UNDO, DEFEAT and ERASE ObamaCare.

Sincerely,

Dr. Ralph Reed

A OBAMACARE'S ASSAULT ON LIBERTY AND AMERICA'S CONSTITUTION

ISSUE SUMMARY: The Obama Administration is now hiring 16,000 new IRS agents to enforce **ObamaCare** and building 159 brand new government bureaucracies to administer **ObamaCare**.

QUESTION 1: How concerned are you about this development?

- ☐ A Very Concerned ☐ B Somewhat Concerned ☒ C Not Concerned ☐ D Undecided

ISSUE SUMMARY: When radio host Paul W. Smith asked liberal **Congressman John Dingell** (D-MI) why it will take the government until 2014 to fully set up the **ObamaCare** system, Dingell said this:

"It takes a long time to do the necessary administrative steps that have to be taken to put the legislation together to control the people."

(Source: News Talk WJR Radio with Paul W. Smith, 3/23/2010)

QUESTION 2: Do you think liberal Democrats like **Congressman John Dingell**, **Nancy Pelosi**, and **Barack Obama** are truly looking to improve health care quality and affordability in America? Or do you think they are mostly using the government takeover of health care as a way to get more control over your life?

- ☐ A I think liberal Democrats like **Dingell**, **Pelosi**, and **Obama** are mostly using the government takeover of health care in America as a way to get more control over our lives.
- ☒ B I think liberal Democrats like **Dingell**, **Pelosi**, and **Obama** are honestly concerned about making sure every American has better and more affordable health care.
- ☐ C Not Sure ☐ D Other _____

QUESTION 3: When Cuba's Communist dictator **Fidel Castro** hailed the passage of **ObamaCare** as "**a miracle**", do you think this is because he is honestly concerned with the well-being of Americans? Or is it more likely that **Castro** sees **ObamaCare** as the fastest, surest way to bring Socialism (or worse) to America?

- ☐ A I think **Fidel Castro** hailed the passage of **ObamaCare** as "**a miracle**" because he honestly wants what's best for America.
- ☐ B I think **Fidel Castro** sees **ObamaCare** as the fastest, surest way to bring Socialism (or worse) to America.
- ☐ C Not Sure ☒ D Other *He knew the character of Congressional Republicans.*

ISSUE SUMMARY: The Tenth Amendment of the Constitution states as follows:

"The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

In other words, our Constitution set up a federal government of specifically enumerated powers. All powers not specifically delegated to the federal government (such as national defense) are supposed to be reserved to the states, local government, families and individuals — on the principle that government is best when it's closest to the people.

QUESTION 4: Do you think ObamaCare is **CONSTITUTIONAL** and consistent with liberty? Or is ObamaCare an **UNCONSTITUTIONAL** assault on America as the "land of the free?"

☐ A ObamaCare is an **UNCONSTITUTIONAL** assault on America as the "land of the free".

☒ B ObamaCare is **CONSTITUTIONAL** and consistent with liberty. ☐ C Not Sure

and with Social Security.

ISSUE SUMMARY: President Obama is now using the ObamaCare law to force doctors and hospitals to investigate which patients own a gun so that the federal government can track and monitor law-abiding gunowners. This is part of Obama's program to strip away your **SECOND AMENDMENT** right to keep and bear arms. In addition to this being an attack on your **SECOND AMENDMENT** rights under the Constitution, it's also an assault on your **FIFTH AMENDMENT** rights protecting you from "unreasonable searches and seizures" by the government. And it's an assault on basic privacy rights that liberals used to support.

QUESTION 5: What's your reaction to President Obama's use of ObamaCare to go after gunowners, and to attack your rights under the Constitution's **SECOND AMENDMENT**, **FIFTH AMENDMENT**, and basic privacy rights that are essential to protecting America's heritage of liberty?

☐ A I'm outraged by the abuse of power. ☐ B I'm concerned about this.

☐ C I support Obama's actions on this. ☐ D Not Sure

☒ Other *I doubt the veracity of your statement*

ISSUE SUMMARY: Vladimir Lenin, the founder and architect of the Soviet Communist state, made this statement: "**Socialized Medicine is the keystone to the arch of the Socialist State.**" Lenin believed that if the government controls your access to health care, it has the power to decide whether you live or die — so allows government to control your life.

QUESTION 6: Do you think **ObamaCare** is more about providing affordable good-quality health care to all Americans, as Obama and the Democrats advertised? Or do you think President Obama and the Left are more using **ObamaCare** as a way to get more power and control over your life and the lives of all Americans?

☒ A **ObamaCare** is more about providing affordable good-quality health care to all Americans.

☐ B **ObamaCare** is more about allowing government to get power and control over our lives.

☐ C Not Sure

☐ D Other _____

ISSUE SUMMARY: Barack Obama, when he was an Illinois State Senator in 2001, made this statement about the U.S. Constitution in a radio interview: "**The Constitution reflected the fundamental flaw of this country that continues to this day.**" In that interview, he also said the problem with the Constitution is that it's a "**charter of negative liberties.**" The big concern he expressed in that interview was that the Constitution does not give the federal government enough power.

QUESTION 7: In light of Barack Obama's clearly stated negative opinion of the U.S. Constitution, do you think it's reasonable to conclude that President Obama is probably not keeping his oath of office to "protect and defend the Constitution of the United States" — that instead, he is doing everything in his power to undermine the Constitution and to fulfill his 2008 campaign pledge to "fundamentally transform" America into his vision of a European-style socialistic state, or worse?

- ☒ A Yes, I certainly think it's reasonable to conclude from this that President Obama is doing everything in his power to weaken and undermine the Constitution so he can fulfill his 2008 campaign pledge to "fundamentally transform" America and move America toward his socialistic vision.
- ☐ B No, I don't think it's reasonable to conclude from this that President Obama is trying to undermine and weaken our Constitution.
- ☐ C Not Sure ☐ D Other _____

QUESTION 8: What do you think is President Obama's true political ideology?

- ☐ A Mostly Conservative ☐ B Moderate ☐ C Mostly Liberal ☐ D Very Liberal
- ☐ E Far-Left ☐ F Socialist ☐ G Communist ☐ H Fascist
- ☐ I Not Sure ☒ J Other Integral

QUESTION 9: How do you rate Barack Obama's overall job performance as President?

- ☐ A Abysmal ☐ B Poor ☐ C Fair ☒ D Good ☐ E Excellent ☐ F Undecided

B OBAMACARE'S WAR ON CHRISTIANITY AND TRADITIONAL MORAL VALUES

ISSUE SUMMARY: Regulations hidden in **ObamaCare** require all health insurance plans to cover abortion-inducing drugs. Even churches and religious organizations must provide for such coverage. So even if you are pro-life, you are required to pay for abortions for others. Many legal experts believe that ObamaCare will also require pro-life doctors and hospitals to perform abortions if they want to continue to practice medicine. Some Catholic and other Christian hospitals have already announced that they will close their doors if compelled by ObamaCare to perform abortions.

QUESTION 1: What is your reaction to this news?

- ☐ A I'm outraged by these aspects of ObamaCare. ☐ B I support these aspects of ObamaCare.
- ☐ C I don't feel strongly either way about this. ☒ D Other _____

QUESTION 2: Do you think this is a violation of the Constitution's FIRST AMENDMENT guarantee of freedom of religion and freedom of conscience to force pro-life Americans and doctors to pay for and/or perform abortions?

- ☐ A Yes ☐ B No ☐ C Not Sure ☒ D Other _____

QUESTION 3: Do you think the Obama Administration and the Left see **ObamaCare** as the ideal engine and weapon that can be used to advance their radical socialist agenda? Or do you think the concerns many Christian and pro-family Americans have about these aspects of ObamaCare are misguided?

- ☐ A Yes, I believe President Obama and the Left are using ObamaCare to advance a radical socialist agenda.
- ☒ B No, I don't think this is happening or will happen. ☐ C Not Sure

C OBAMACARE AND HEALTH CARE RATIONING

ISSUE SUMMARY: According to a new survey by the Doctor Patient Medical Association, 83% of doctors are considering quitting medicine and doing something else because of ObamaCare. The reason most cited is that ObamaCare is making it so difficult for physicians to make a living. Yet the demand for health care is expected to increase during the coming years as the Baby Boom generation gets older, as the population increases, and because of the 18 million currently uninsured Americans who will be given "free" medical coverage under the expansion of Medicaid under ObamaCare. The Association of Medical Colleges now projects that America will have 90,000 fewer doctors than needed by 2016.

QUESTION 1: What impact do you think this doctor shortage (combined with the increased need for medical care) will have on the quality of medical care you receive in the future?

- ☐ A As happens in every country that has Socialized Medicine or heavy government control of health care, we will soon see long waiting lists for doctor visits and health care we now consider to be routine in America.
- ☐ B I think the quality of my health care will improve under ObamaCare.
- ☒ C I think the quality of my health care will stay about the same under ObamaCare.
- ☐ D Not Sure
- ☐ E Other _____

ISSUE SUMMARY: Every country that has Socialized Medicine or government-run health care sets up a **Health Care Rationing Board** to control costs. Under ObamaCare, this **Health Care Rationing Board** is called the **Independent Payment Advisory Board (IPAB)**, which consists of 15 unelected bureaucrats. The way this **Health Care Rationing Board** will control health care costs is to deny you the medical treatment you need. The ObamaCare Rationing Board has now slated Medicare payment rates to be cut to 33% of what private insurers now pay doctors and hospitals for the same medical care (according to Richard Foster, the Chief Actuary for Medicare). This is a big reason so many doctors are now leaving the medical profession. It's also why many doctors say they will no longer accept Medicare patients.

QUESTION 2: Do you agree or disagree with President Obama's claim that cutting Medicare payments to doctors by one-third of what private insurers pay doctors will have no impact on the ability of Medicare patients to find doctors who will treat them?

- ☐ A I disagree with Obama on this. No doctor in his or her right mind will accept being paid one-third by Medicare of what they can earn from patients with private insurance. Doctors will simply stop seeing Medicare patients. Or they will quit medicine completely.
- ☐ B I agree with Obama on this. Cutting doctor pay by 33% for treating Medicare patients will have no impact on their desire to treat Medicare patients.
- ☐ C Not Sure
- ☒ D Other _____

ISSUE SUMMARY: In every country that has government-run health care, we see long waiting lists for basic health care services. In countries like Great Britain and other countries that have socialist health care systems, it can take months to get approved for an MRI exam or even to meet with a doctor. As a result, Americans have much higher survival rates than Europeans for cancer. For example, the death rate from breast cancer is 52 percent higher in Germany than in America, and 88 percent higher in Great Britain. The same pattern holds for other deadly diseases.

QUESTION 3: How likely do you think it is that we will soon see long waiting lists for basic medical services and treatments we now consider routine here in America?

- ☐ A Very Likely
- ☐ B Somewhat Likely
- ☐ C Not Likely
- ☒ D No Opinion
- ☐ E Other _____

ISSUE SUMMARY: In every country that has government-run health care, we see a halt to research and development of new life-saving medicines and treatments because Socialized Medicine takes the profit out of such research. Until now, almost all medical research has been occurring in the United States. But that's stopping now as the drug companies shift their research to less heavily regulated areas such as cosmetics and hair re-growth. As a result, the amazing medical breakthroughs we have seen over the last half century in the area of cancer, heart disease, and other fatal diseases are already grinding to a halt in America.

QUESTION 4: How concerned are you about Obama effectively ending research and development of new life saving, life-extending medicines and treatments?

- ☐ A Very Concerned
- ☐ B Somewhat Concerned
- ☒ C Not Concerned
- ☐ D No Opinion
- ☐ E Other _____

D THE COST OF OBAMACARE

ISSUE SUMMARY: When selling ObamaCare to the nation, **President Obama** repeatedly claimed that the annual cost of health insurance for a family would drop by \$2,500 by the end of his first term. Instead, the yearly cost of health insurance for a family is up by \$3,000 on average. The **IRS** now estimates that the cheapest health insurance plan available in 2016 for a family will cost \$20,000 for the year.

QUESTION 1: Why do you think this is happening?

- ☒ **A** Whenever the government takes over anything, costs always skyrocket immediately because there are no free-market competitive pressures to keep costs down. This is why socialism never works.
- ☐ **B** I'm not sure why this is happening, but I don't think these health care cost increases have anything to do with ObamaCare. I think these skyrocketing cost increases are happening independent of ObamaCare.
- ☒ **C** No Opinion ☐ **D** Other _____

ISSUE SUMMARY: President Obama brazenly lied to Congress and the American people about the true cost of **ObamaCare**. In a televised address to the nation, Obama told America and Congress that ObamaCare would cost less than \$1 TRILLION over ten years. We now know that ObamaCare will cost at least \$10 TRILLION when you factor in the cost to the states, the cost of the "Individual Mandate," the cost of increased health insurance premiums, the \$716 billion ObamaCare steals from Medicare, the 21 new taxes and tax increases contained in ObamaCare, and the increased cost to businesses of complying with ObamaCare mandates. Corporate CEOs receive long prison sentences for fraud if they knowingly provide false costs and financial forecasts to investors. ObamaCare (which passed into law by a single vote in the Senate) clearly would not have passed if Congress had understood the true cost of ObamaCare.

QUESTION 2: What is your reaction to the news that **ObamaCare** is already at least 10 times more costly than President Obama represented to Congress and the American people?

- ☐ **A** I'm outraged by this. ☐ **B** I don't like his lies. But I like ObamaCare.
- ☐ **C** President Obama was right to say whatever was necessary to pass ObamaCare into law. I believe we need ObamaCare no matter what it costs.
- ☒ **D** Not Sure ☐ **E** Other _____

E MAKING OBAMACARE THE KEY ISSUE OF THE 2014 MID-TERM CONGRESSIONAL ELECTIONS

QUESTION 1: Where do you stand on ObamaCare?

- ☐ **A** I strongly oppose ObamaCare and want this 2,700-page law repealed.
- ☐ **B** I oppose most of ObamaCare, but I like some parts of it.
- ☒ **C** I support most, but not all of ObamaCare. We should try to fix the bad parts, but keep the rest of it.
- ☐ **D** I support ObamaCare. We should keep this law in place.
- ☐ **E** No Opinion ☐ **F** Other _____

QUESTION 2: How important to you is the ObamaCare issue in determining how you will vote in the mid-term Congressional Elections in 2014?

- ☐ **A** Very Important ☐ **B** Somewhat Important ☒ **C** Not Important ☐ **D** Undecided

QUESTION 3: Are you currently registered to vote? ☒ **A** Yes ☐ **B** No

QUESTION 4: How sure are you to vote in the 2014 mid-term Congressional Elections?

- ☒ **A** I am absolutely certain to vote in 2014 if I am physically able to do so.
- ☐ **B** I will probably vote in 2014. ☐ **C** I doubt I'll vote in 2014.

F FAITH & FREEDOM'S BATTLE PLAN TO UNDO AND ULTIMATELY REPEAL OBAMACARE

ISSUE SUMMARY: The U.S. House of Representatives is still under Republican majority control. This means **House Speaker John Boehner** and the House Republican Leadership has the power right now to stop much, if not most, of the funding for **ObamaCare**. This is because the U.S. Constitution requires that all spending and revenue bills must originate in the House. Very little ObamaCare money has actually been appropriated by Congress. This means the only way further funding for ObamaCare can occur is if House Republicans approve it.

QUESTION 1: Would you like to see **House Speaker John Boehner** and the House Republican Leadership use the power they have right now to immediately halt further federal funding for **ObamaCare**?

- ☐ A Yes ☒ B No ☐ C Not Sure ☐ D Other _____

PROJECT SUMMARY: Faith & Freedom has launched a major advertising, media, voter education, and grassroots lobbying campaign aimed at generating overwhelming public pressure on the Republican leadership in the House to halt further funding of ObamaCare.

QUESTION 2: What is your opinion of this part of **Faith & Freedom's** strategy to UNDO and ultimately fully REPEAL ObamaCare?

- ☐ A Strongly Support ☐ B Generally Support ☐ C Generally Oppose ☒ D Strongly Oppose
☐ E Undecided ☐ F Other _____

ISSUE SUMMARY: The Supreme Court ruled in 2012 that the federal government has no authority under the Constitution to compel the states to pay for or administer **ObamaCare**. Texas is now the largest state to refuse to participate in **ObamaCare**, thanks to the courageous leadership of **Governor Rick Perry**. At least 20 governors so far have indicated they will refuse to use any state taxpayer money on ObamaCare. Experts say that if even just half the governors refuse to pay for ObamaCare, the program becomes unworkable and is effectively dead.

QUESTION 3: What is your opinion of **Faith & Freedom** launching a major advertising, media, voter education, and grassroots lobbying campaign aimed at generating overwhelming public pressure on the 50 governors (30 of whom are Republican) to refuse to pay for or administer **ObamaCare**?

- ☐ A Strongly Support ☐ B Generally Support ☐ C Generally Oppose ☒ D Strongly Oppose
☐ E Undecided ☐ F Other _____

ISSUE SUMMARY: The National GOP leadership, for some reason, stopped talking about **ObamaCare** in 2012 — even though focusing on the disaster of ObamaCare produced sweeping conservative victories at every level of government in the 2010 mid-term Congressional Elections.

QUESTION 4: Do you think **Barack Obama** would have been a one-term President if the National GOP had continued in 2012 to focus the public's attention on what a disaster **ObamaCare** really is?

- ☐ A Yes ☐ B No ☐ C Maybe ☒ D No Opinion ☐ E Other _____

PROJECT SUMMARY: Polls are showing that **ObamaCare** is becoming more unpopular with each passing week. Health insurance and medical costs have been skyrocketing under ObamaCare. Doctors are quitting medicine in droves. Rationing of basic routine medical care has already started. Throughout 2014, **Faith & Freedom** will be using radio, direct mail, email and VOTER GUIDE distribution to make sure voters know which members of the House and Senate voted for ObamaCare.

QUESTION 5: What is your opinion of this part of **Faith & Freedom's** strategy to UNDO and ultimately fully REPEAL ObamaCare?

- ☐ A Strongly Support ☐ B Generally Support ☐ C Generally Oppose ☒ D Strongly Oppose
☐ E Undecided ☐ F Other _____

QUESTION 6: Will you send your best gift of support right now to help **Faith & Freedom** fund the THREE-PART \$20.2 MILLION Battle Plan Dr. Ralph Reed described to you in his letter to UNDO, DEFEAT and ERASE **ObamaCare**?

- ☐ A Yes ☒ B No
